

Our Commitment to Service

Business Checking Accounts

Large, small or home-based, we have a business solution that's right for you.

Peoples Bank offers a variety of business checking accounts that are perfect for businesses of all sizes: from large corporate relationships to small office and home-based businesses. Our business banking team is here to help find the right solution for your growing business.

My Business Checking

Choose this account if you want an economical business starter account perfect for businesses that have low-volume cash handling and transaction counts. The account comes with the essential features that help establish your business banking foundation. The \$5 monthly service charge is waived with Personal Relationship Checking and enrollment in eStatements.

Business Essentials Checking

Choose this account if your business has a modest number of monthly transactions and would like the power of our Business Manager online banking solution. The \$10 monthly service charge is waived with a minimum daily balance of \$1,500.

Business Essentials Plus Checking

Similar to Business Essentials Checking, Business Essentials Plus also earns interest – and the \$10 monthly service charge is waived with a minimum daily balance of \$2,500.

Community Business Checking

This account is available for nonprofit organizations and comes with no cash handling or transaction limits, Business Manager online banking, and no monthly service charge.

Business Relationship Package

Choose this account if you enjoy being rewarded for doing more of your banking at Peoples Bank. This account comes with a generous cash handling and transaction count benefit, and we'll waive the \$15 monthly service charge when you maintain an account deposit balance of \$10,000 or \$25,000 in combined deposit balances or \$250,000 in combined commercial loan balances. Also, receive up to five free Business Essentials Checking accounts for no extra fee.

Corporate Checking

This account is best for businesses with higher cash handling and transaction volumes and that make use of our Cash Management services like ACH Origination, Positive Pay, Merchant Services and more. The \$8 monthly service charge as well as other transaction fees may be reduced or eliminated by the Earnings Credit, which may be applied to fees on the account.
